SEEDS

Linking Science and
Practice for a Better World

7th World Conference on Ecological Restoration
4th Ibero-American & Caribbean Congress on Ecological Restoration
1st Brazilian Conference on Ecological Restoration

August 27 – September 1, 2017

CALL FOR ABSTRACTS

The Organizing Committee of the 7th World Conference on Ecological Restoration (SER2017) is now inviting abstracts for contributed oral and poster presentations. **Join us in Foz do Iguaçu, Brazil from August 27 to September 1, 2017** for this biennial gathering of the global restoration community, and share your work with scientists, practitioners, decision makers, natural resource managers, consultants, industry representatives, students, and government agency personnel from around the world.

SER2017 is a joint conference of the Society for Ecological Restoration (SER), the Sociedade Brasileira de Restauração Ecológica (SOBRE), and the Sociedad Ibero-Americana y del Caribe de Restauración Ecológica (SIACRE).

Ecological Restoration

Volume 33 • Number 3 | September 2013

Ecological Restoration

The Original Restoration Publication

ASLA Communications Award Winner

Ecological Restoration is honored to accept the ASLA Communications Honor Award, as a forum that showcases design work in partnership with ecology and restoration.

The journal has a new feature, *Design Approaches to Ecological Restoration*. This section showcases a landscape architect's project design with significant ecological components, followed by a critique from ecologists. The dialogue asks: Does the design meet its stated ecological goals? In what ways could the landscape architect improve ecological services consistent with the design intent? How can similar future projects better advance ecological functions? This new forum provides a vital meeting ground for the both professions.

Visit us at <http://er.uwpress.org/> to search, view TOC's, abstracts, and free sample issues, or to sign up for email alerts.

1930 Monroe St., 3rd Floor, Madison, WI 53711
