Ethics & the Environment

Theoretical and practical discussions of environmental ethics, including ethical theory and ecological philosophy.

Ethics & the Environment is an interdisciplinary forum for theoretical and practical articles, discussions, reviews, and book reviews in the broad area encompassed by environmental ethics, including conceptual approaches in ethical theory and ecological philosophy, such as deep ecology and ecological feminism as they pertain to such issues as environmental education and management, ecological economies, and ecosystem health.

Keywords *Animals, Climate Change, Conservation, Ecology, Environmental Ethics, Environmental Philosophy, Environmental Studies, Humans, Nature, Philosophy*

*Ecological
restoration
for a healthy
relationship
between nature
& culture.*

SER is dedicated to promoting ecological restoration as a means of sustaining the diversity of life on Earth and re-establishing an ecologically healthy relationship between nature and culture.

The Society provides great opportunities for its members to network and to advance the science, practice and policy of ecological restoration.

WILD COLUMBINE
Aquilegia canadensis
