Environment & Land Management Journals

Ecological Restoration

The Original Restoration Publication

Edited by Steven N. Handel

ISSN: 1522-4740 | e-ISSN: 1543-4079

Published 4 times per year

Ecological Restoration is a forum for people advancing the science and practice of restoration ecology. It features the technical and biological aspects of restoring landscapes, as well as collaborations between restorationists and the design professions, land-use policy, the role of education, and more. This quarterly publication includes peer-reviewed science articles, perspectives and notes, book reviews, abstracts of restoration ecology progress published elsewhere, and announcements of scientific and professional meetings. <http://er.uwpress.org>

Land Economics

Edited by Daniel J. Phaneuf

ISSN: 0023-7639 | e-ISSN: 1543-8325

Published 4 times per year

Land Economics publishes papers related to the economics of natural and environmental resources, emphasizing conceptual and/or empirical work with direct relevance for public policy. Founded in 1925 as the *Journal of Land and Public Utility Economics*, the publication features research related to environmental quality, natural resources, housing, urban and rural land use, transportation, and other areas in both developed and developing country contexts.

Landscape Journal

Edited by Brian D. Lee

ISSN 0277-2426 | e-ISSN 1553-2704

Published 2 times per year

The mission of landscape architecture is supported by research and theory in many fields. *Landscape Journal* offers in-depth exploration of ideas and challenges that are central to contemporary design, planning, and teaching. Besides scholarly features, *Landscape Journal* includes editorial columns, creative work, and reviews of books, conferences, technology, and exhibitions.

NATIVE PLANTS JOURNAL

Edited by Stephen Love

ISSN 1522-8339 | e-ISSN 1548-4785

Published 3 times per year

Native Plants Journal is a forum for dispersing practical information about planting and growing North American native plants for conservation, restoration, reforestation, landscaping, highway corridors, and related uses. It includes articles that are useful to and understandable by growers and planters of North American native plants and that contribute significantly to the scientific literature. The second issue of each year includes the Native Plant Materials Directory, which provides information about producers of native plant materials in the United States and Canada. <http://npj.uwpress.org>
