

Ecological Restoration

Volume 26, Number 4

December 2008

Guest Editorial	283
A Farewell to the Man, But Not His Science <i>Joy B. Zedler</i>	
SER Editorial	285
Adaptation in Transition <i>George Gann</i>	
Policy Report	287
Why You Should Pay Attention to Stream Mitigation Banking <i>Rebecca Lave, Morgan M. Robertson and Martin W. Doyle</i>	

RESTORATION NOTES

An Integrated Approach to Mapping Forest Conditions in the Southern Appalachians (North Carolina) <i>Weimin Xi, Lei Wang, Andrew G. Birt, Maria D. Tchakerian, Robert N. Coulson and Kier D. Klepzig</i>	290
Mine Land Reclamation Strategies for the Restoration of American Chestnut <i>Brian C. McCarthy, Jenise M. Bauman and Carolyn H. Keiffer</i>	292
Environmental Restoration in a Tropical Rainforest in Mexico <i>Paula Meli and Valentina Carrasco-Carballido</i>	294
Hurricane Effects on the Piedmont Forests: Patterns and Implications <i>Weimin Xi and Robert K. Peet</i>	295
Native Forbs Occurring in Brome Fields within a Mixed-Grass Prairie Landscape (North Dakota) <i>Nickolas A. Dufek and Robert K. Murphy</i>	298
Tropical Forest Restoration Research Opportunities in Southern Costa Rica <i>Rakan A. Zahawi and Karen Holl</i>	299
Supplemental Irrigation and Fertilization of Transplanted Michaux's Sumac May Not Be a Restoration Panacea (North Carolina) <i>Richard R. Braham and Layna E. Thrush</i>	300

ARTICLES

Forest Restoration in Campgrounds at Kings Canyon National Park, California <i>Susan B. Infalt and Truman P. Young</i>	302
Assessing the Reintroduction Potential of the Endangered Huachuca Water Umbel in Southeastern Arizona <i>Jonathan H. Titus and Priscilla J. Titus</i>	311
Native Species Replace Introduced Grass Cultivars Seeded following Wildfire <i>Cindy Talbott Roché, Roger L. Sheley and Robert C. Korfhage</i>	321
Ten Years of Ecological Restoration on a Texas Hill Country Site <i>David Davidson and Patricia Davidson</i>	331
Multi-species Planting and Other Practices to Restore Forest Diversity in Northeastern Minnesota <i>Robin S. Vora, Steven Lerol and Nicholas P. Danz</i>	340

The Dechannelization of Nippersink Creek: Learning about Native Illinois Streams through Restoration <i>Thomas B. Simpson</i>	350
Release of Roadside Native Perennial Grasses following Removal of Yellow Starthistle <i>Stephen L. Young and Victor P. Claassen</i>	357

ABSTRACTS

Grasslands	365	Traditional & Local Knowledge	370
Woodlands	365	Climate Change	370
Wetlands	366	Management & Monitoring	371
Lakes, Rivers & Streams	367	Reclamation & Rehabilitation	372
Coastal & Marine Communities	367	Endangered Species	372
Propagation & Introduction	368	Planning & Policy	373
Control of Pest Species	369	Issues & Perspectives	374
Tools & Technology	370		

BOOK REVIEWS

Nature's New Deal: The Civilian Conservation Corps and the Roots of the American Environmental Movement <i>Neil M. Maher, reviewed by Jeanne Nienaber Clarke</i>	375
Old Fields: Dynamics and Restoration of Abandoned Farmland <i>Viki A. Cramer and Richard J. Hobbs, reviewed by Randall D. Jackson</i>	377
Designing Sustainable Forest Landscapes <i>Simon Bell and Dean Apostol, reviewed by Dwight Barry</i>	378
Kitchen Literacy <i>Ann Vileisis, reviewed by Joy B. Zedler</i>	380
