

# Ecological Restoration

Volume 32, Number 4

December 2014

<b>Editorial</b>	343
Marriage Therapy for Ecologists and Landscape Architects <i>Steven N. Handel</i>	
<b>Perspective</b>	345
Restoration through Food and Fellowship at Waipa, Kaua'i <i>Rebecca L. Vidra</i>	
<b>RESTORATION NOTES</b>	
Riparian Soil Seed Banks and the Potential for Passive Restoration of Giant Reed Infested Areas in Webb County, Texas <i>Amede Rubio, Alexis E. Racelis, Thomas C. Vaughan and John A. Goolsby</i>	347
Native Warm-Season Grasses Resist Spotted Knapweed Resurgence <i>Neil W. MacDonald and William J. Bottema</i>	349
Restoring Native Perennial Grasses by Changing Grazing Practices in Central Coastal California <i>Carlene Henneman, Nathaniel E. Seavy and Thomas Gardali</i>	352
Russian Olive Fruit Production in Shelterbelt and Riparian Populations in Montana <i>Erin K. Espeland, Tatyana A. Rand and Kevin J. Delaney</i>	354
<b>ARTICLES</b>	
A Management Framework for the Transition from Livestock Production toward Biodiversity Conservation on Great Plains Rangelands <i>Curtis H. Freese, Samuel D. Fuhlendorf and Kyran Kunkel</i>	358
Determining Abiotic and Biotic Factors that Limit Transplanted <i>Nothofagus pumilio</i> Seedling Success in Abandoned Beaver Meadows in Tierra del Fuego <i>Jonathan J. Henn, Christopher B. Anderson, Gastón Kreps, María Vanessa Lencinas, Rosina Soler and Guillermo Martínez Pastur</i>	369
Performance and Phenotypic Variation of American Chestnut ( <i>Castanea dentata</i> ) Hybrids on Newly Reclaimed Mine Sites in Eastern Ohio, USA <i>Keith E. Gilland and Brian C. McCarthy</i>	379
Patterns of Population Differentiation in Early Traits of Development in <i>Elymus glaucus</i> : Implications for Restoration <i>Carolina Fonseca, Erin Espeland and James W. Baxter</i>	388
Incrementally Rich Seeding Treatments in Tallgrass Prairie Restoration <i>Jon K. Piper</i>	396
Historical Open Forest Ecosystems in the Missouri Ozarks: Reconstruction and Restoration Targets <i>Brice B. Hanberry, D. Todd Jones-Farrand and John M. Kabrick</i>	407
Reconstructing Vegetation Past: Pre-Euro-American Vegetation for the Midwest Driftless Area, USA <i>Monika E. Shea, Lisa A. Schulte and Brian J. Palik</i>	417
Recruitment Enhancement as an Indicator of Oyster Restoration Success in Chesapeake Bay <i>David M. Schulte and Russell P. Burke</i>	434

Restoration of Wetland and Prairie on Farmland in the Former Great Black Swamp of Ohio, U.S.A. <i>Christian F. Lenhart and Peter C. Lenhart</i>	441
Restoring Degraded Objects: The Next Best Thing to Teaching Ecological Restoration in the Field <i>Robert J. Cabin</i>	450

## ABSTRACTS

Climate Change	456	Propagation & Introduction	459
Coastal & Marine Communities	456	Reclamation, Rehabilitation & Remediation	459
Economics & Ecosystem Services	457	Species at Risk	460
Grasslands	457	Urban Restoration	461
Lakes, Rivers & Streams	458	Wetlands	462
Monitoring & Adaptive Management	458	Wildlife Habitat Restoration	462
Other Communities	458	Woodlands	462

## BOOK REVIEWS

Dispersal Ecology and Evolution <i>Jean Clobert, Michel Baguette, Tim G. Benton and James M. Bullock (eds), reviewed by Steven N. Handel</i>	464
